

Box Fox

Softie pattern by SuperMinx

Print pattern to A3 paper. Use felt or other non-fraying material.

Where two of the same piece are required place pattern on folded material (right side together) so as to cut two pieces (one in reverse) Cut body on seam allowance. Cut face pieces on thick black line. Cut cheeks and tail piece partly on black line, partly on seam allowance as per lines shown.

Sew cheeks and ears onto face. Then sew eyes and nose. Sew white tail piece to tail. Place front and back of fox right sides together and sew all around (per black line), leaving an opening for stuffing in the belly. Once stuffed hand sew belly shut.
